TravelChair has been designing and lab/field testing its gear since 1984 when we were selling gear out of the back of the latest beater from the Ugly Duckling Car Rentals. (no joke). Since then we have grown into a nice little family run company but if one thing that has stuck with us is that it hacks us off when things break. So if you're like us and don't mind paying a little bit more for pieces of mind you should search us out and do some field testing of your own. You won't be disappointed.
